Saint Germain en Laye

Profile

After conducting and coauthoring several meta-analyses during my thesis, I developed reproducible meta-analysis models to help researchers conduct higher quality, reproducible and transparent research. Passionate about popularisation, I also keep an account, "docteur papers", in which I explain various recent research that interest me.

Skills

- Social Psychology
- Meta-analysis
- Test of publication bias Statistical tools (R, Rmarkdown, STATA, Jamovi)
- Statistics
- Experimental Philosophy
- Scientific English
- Scientific Popularization Summarization
- Pedagogy

Academic Career

2022 - 2024	Postdoctoral fellow at SInnoPSis (Cyprus)
2019 – June 2022	Ph.D. in applied social psychology: Aix-Marseille University (France)
2017 – 2018	Second-year of graduation: applied social psychology: Paris Nanterre (France)
2013 – 2017	Undergraduate student: Paris Nanterre (France)
2013	Scientific European baccalaureate certificate: Score Good

Conferences and colloquiums

26/09/2022	Presentation at the SInnoPSis inaugural workshop in Cyprus
20/10/2021	ReproducibiliTEA Birmingham: presentation of the reproducible meta-analysis templates
10/2021	Meta-science colloquium: auditor
07/2021	Open and slow science colloquium: presentation of the reproducible meta-analysis templates
06/2021	ADRIPS early career researchers Colloquium: presentation of the reproducible meta-analysis templates
07/2021	Inter-laboratory colloquium (Aix): presentation of a Text-mining script
22/02/2021	Esmarconf2021: auditor
29/06-02/07/2021	Annual Colloquium of the International Society of Political Psychology in Edinburgh
11-12/01/2017	Political psychology colloquium in Nanterre

Additional courses

03/2020-07/2020	Reproducible research: methodological principles for transparent science
12/2019-02/2020	Research Ethics
09/2020	Research Integrity in scientific professions
11/2019	Improving your statistical Questions - Coursera
11/2019	Statistical modeling, the essentials
12/2017-02/2018	Improving your statistical Inferences - Coursera

Work Experiences

2019-2022	Pedagogical engineer and trainer in a training center: Orsys
2018	Trainer for AP-HP (Orbis deployment)
